This cover is a NO EXCESS cover and is applicable to the vehicle and third party property damage and includes the cost of replacing or repairing of windscreens, rims and tyres, radio theft and recovery costs. A security deposit of R/N\$ 3,000.00 is pre-authorized on the renter's Visa or MasterCard credit card at the time of collection to ensure that the vehicle is returned to the agreed location, on the agreed date, in a clean condition and no items are lost or damaged. CLAIMS HANDLING FEE

A handling fee of R/N\$500.00 is charged on all damage/accident claims is irrespective of the liability cover option taken.

ACCIDENTS

Single vehicle accidents are included in all liability cover options, except in the case of roll-overs. In case of damage to the vehicle rented, the following will apply:

The incident:

All accidents must be reported to the supplier, and by law, to the Local Police within 24 hours. An AR (accident report) number from the police must be obtained at the time of reporting the incident. This proves that the accident has been registered. Failing to report accidents may void all liability cover and the renter becomes fully liable for all costs. We advise you to take as many photographs of the accident scene and also obtain the third party details when applicable. These can be recorded on the reverse side of the rental pack envelope supplied to you on collection. We also suggest you take a photograph of the driver's licenses of the persons involved. An accident report which is provided in the RENTAL PACK, must also be completed. These documents and records of evidence will be submitted to the supplier in order to process the incident.

The vehicle:

A replacement vehicle will only be dispatched once payment of all damages / recovery costs to the first vehicle is made, if applicable. The supplier reserves the right to withhold a replacement vehicle; this does not entitle the client to any refunds/claims against the supplier.

If the renter requires a replacement vehicle to be delivered, charges will be levied if applicable, according to the liability cover exclusions.

If the renter is not able to take a replacement vehicle, no refunds for early termination of the contract will be considered.

Should the renter continue with a replacement vehicle, this vehicle will be noted under the current rental contract and a new R/N\$ 3,000.00 pre-authorisation on the nominated credit card.

Should the applicable excess be charged, and should the supplier be successful in the reimbursement of that amount by the 3rd party, this amount will be refunded to the renter. This process could take up to three years.

AIR-CONDITIONING

The air-conditioning in the cabin of the vehicle, is designed to be used in South African weather conditions. In regions where the temperatures reach in excess of 30 degrees Celsius, or the humidity is higher than 60%, the unit may not work as effectively. This is

normal and does not constitute grounds to request a replacement vehicle. Whenever the vehicle is stationary, or idling for prolonged periods, the cabin air-conditioner must be switched off to prevent damage.

DUST INGRESS

Namibia and Botswana are predominantly arid desert regions and the majority of secondary routes travelled, are on unsealed dust or gravel roads. It is not possible to make vehicles dust-proof and therefore refunds or claims or any dust ingress of any nature, will not be considered.

PAYMENT

The supplier only accepts valid Visa and MasterCard credit cards that are embossed in order to place the pre-authorisation for liability cover / security deposits and excesses. No Cash or Cheque payments will be accepted in any way. The holder of the credit card needs

to be present at vehicle collection in order for the transaction to be processed. The supplier is not responsible for any currency fluctuations that may occur in any transactions.

All cross border applications are to be accompanied by a clear copy of the renter's passport & driver's license to be received seven days prior to collection of the vehicle.

VEHICLE REPAIRS

It is possible that during your rental, small repairs may be required due to the nature of the terrain. Repairs of up to R/N\$ 1,000.00 may be affected without prior authorisation from the supplier and such repairs will be reimbursed, on the submission of a claim with original receipts attached. Amounts above R/N\$ 1,000.00 will require verbal/telephonic approval from the supplier on-road assistance – numbers provided in your rental pack. Should approval not be obtained the claim may be disputed.

Should a call-out fee be charged by a supplier to replace a tyre, approval must be obtained from your collection branch. Should permission be granted by the supplier for an overnight stay in a lodge, due to repairs, a maximum allowance of R950.00 per night per vehicle is granted for a maximum of one night in South Africa, and two nights outside of South Africa.

KEYS

The supplier must be informed of keys lost or locked inside a vehicle. The replacement or recovery of keys is for the renter's account. The supplier cannot be held liable for any time/days lost and/or accommodation or any other costs incurred, due to the replacement or recovery of keys.

TYRES

The renter is responsible for the repairing of flat or punctured tyres. The driver should not exceed the road traffic ordinance speed limits of 120km/h on tarred roads, and 80km/h on gravel/sealed or corrugated roads. For your safety, the Supplier recommends a speed of 100 km/h on tarred roads, and 60 km/h on gravel/sealed or corrugated roads, and 40km/h in National Parks. Tyres get hot and pressures increase at higher speeds. Tyres are then susceptible to damage especially on uneven surfaces. When replacing a tyre, please ensure

that it is of the same branch, size and ply rating as that of the damaged tyre. Reconditioned, second-hand or re-treaded tyres are NOT acceptable. The renter is required to check the tyre pressure when the tyres are cold (i.e. not after travelling for more than 10km), at regular intervals. All tyres should be checked, including spares. Minimum tread requirement is 4mm which is within the South African Road Ordinance limits of 3mm.
