# Permitted areas of travel for the FunX and DC range

- Vehicles may be taken into South Africa's neighbouring states but are not allowed into Angola, Democratic Republic of Congo (DRC), Tanzania or Malawi. Driving on 4x4 leisure tracks that require an entrance fee or club membership are also not allowed
- All insurance cover is void if vehicles enter these prohibited areas and will result in a breach of contract.
- The 4x4 is used for driving terrain that is usually inaccessible with a normal two-wheel drive vehicle.

- Dangerous and irresponsible manoeuvres to test the abilities of the camper to the limit are not allowed under any circumstances as they are dangerous. All towing costs to the nearest depot are for the Renter's account.
- The Supplier reserves the right, at its sole discretion, to restrict vehicle movements in certain areas due to adverse road or weather conditions, political situations or any other reason.
- Any driving on sand dunes and the Van Zyl's Pass in Namibia is not allowed. Remember that you should never test the abilities of the Discoverer FunX or DC to the fullest, and that you will be liable for the full repair costs if accidents, mechanical damage or roll-overs happen here. Please ensure that the departure, approach and roll angles are observed as in the info manuals. The Supplier has the right to restrict road or areas at times which will be communicated to you for your safety.

## **Telephone costs**

We do not reimburse costs incurred through telephone calls to our offices or staff. Renters are advised to purchase a local SIM card instead. The costs for local calls are usually much cheaper

#### **Breakdowns**

In the unlikely event that a breakdown occurs, please contact the stand-by mechanic on the number as per your contract. Before phoning, please consult your Info Book. It might not be necessary to make contact. Please state your breakdown and listen to the mechanic. He has proper knowledge on mechanical issues. Please follow his advice carefully. The mechanic will ask certain questions relating to oil and water levels, warning lights, etc. Please follow their instructions carefully. His advice will also be the best in the situation. Please always follow the advice of the mechanic. This is very important to avoid further damages.

#### **Currency fluctuations**

All credit card transactions are conducted in South African Rand (ZAR). Due to exchange rate fluctuations there could be some variance in the amount refunded compared to the amount initially charged. If a credit card is presented as payment, credit card holder will be jointly and severally liable as a customer. *The supplier does not accept American Express and Diners Club and Debit cards*.

#### **Accidents**

The risk of an accident in Africa is many times higher at night than during the day.

By law all accidents must be reported to the supplier and the local Police within 24 hours. If you are in a remote area all reasonable effort must be made to report an accident within this time-frame.

Failing to report accidents voids all insurance cover and the renter becomes fully liable for all costs.

- Take as many photographs of all the vehicles involved as well as involved persons and their drivers licenses and their personal details
- Obtain and AR (Accident Report) number from the police on the scene. This is important and proves the accident was registered by the police. Make a copy of this and keep it with you.
- If the rental vehicle is involved in an accident or other incident, and is not driveable, a replacement vehicle, if available, may be collected from the closest branch. If the renter requires a replacement vehicle to be delivered, then these charges will be for the renter's account. None of the excess reduction options cover this process.

- The renter is responsible for the full recovery (e.g. towing) of the damaged vehicle to the nearest rental depot.
- Should there be no replacement vehicle available, no refund for the lost rental days will be considered.
- If the renter is unable or unwilling to take a replacement vehicle, no refunds for early termination of the contract will apply. No refund of rental days lost or accommodation costs will be considered during the period in which a replacement vehicle is being organized.
- Should the renter continue with a replacement vehicle then a new rental contract and insurance conditions will apply.

#### **Drivers licence**

A valid non-endorsed national driver's license together with a valid international driver's license is required. Drivers must be a minimum of 21 years (for non 4x4 vehicles) or 23 years for 4x4 vehicles. SA citizens only need to present their valid driver's license.

# **Personal injury and belongings**

Personal injury and belongings are not covered by our insurance. The renter is therefore responsible to obtain his or her own travel insurance in advance.

# **Traffic fines / penalty**

The renter is liable for all traffic offences incurred whilst the vehicle is on hire. Should the Renter receive a traffic fine(s), The Supplier will notify the renter via e-mail. The amount of the fine plus an additional admin fee of R150.00 will be charged to the renter's credit card. On request, the supplier will email a scanned copy of these fines. It can take up to three months for traffic fines to reach the suppliers office.

#### **Gauteng and country-wide toll road taxes**

All main Gauteng freeways are subjected to E-Tolling. Large gantries have been erected where all vehicles that drive underneath them are charged accordingly to their classification.

Most fixed toll booths throughout South Africa now also record toll cost automatically when a camper approaches the boom gate. The camper internal unit will beep and the boom will open for you to drive through without paying here. If no beep is heard, the boom will remain closed and you are required to pay at the booth.

This country-wide system means that there is an additional Levy of R 800.00 raised on all rentals departing in South Africa. When the E-Toll statement arrives at the offices we will charge for the incurred fees and add an admin fee. The remaining amount will be refunded to the renter.

# Namibian CO<sub>2</sub> Taxes

As from 11 July 2016 all Namibian custom borders have implemented a CO2 tax for all South African registered vehicles. The taxation is applicable when starting or ending at our Windhoek depot. Currently it is charged at R450 per contract irrespective if some rental days are spent outside the borders of Namibia. Applicable on all our Discoverer models.

# Tyre replacement

If a tyre needs to be replaced it is important to ensure that both the ply rating and size are corresponding to the tyre it replaced on the vehicle. This to ensure the maximum safety and function. Replacement tyres of the wrong size or ply rating will not be considered for a refund.

# **Dust Ingress**

Southern Africa is predominantly an arid desert region and the majority of secondary routes travelled, are on unsealed dust or gravel roads. It is not possible to make vehicles dust-proof and therefore refunds or claims for any dust ingress of any nature, will not be considered.

#### Domicilium citandi et executandi

The renter chooses the address stated on the face of the terms as registered/legal address. The Supplier chooses its registered address of 32 Stanley Road, Nortons Home Estates, Kempton Park, Gauteng, South Africa.

# **INSURANCE CDW (Collision Damage Waiver) for all fleet vehicles**

Minimum age of driver is 21 years or 23 years for a 4x4 vehicle. Both with a valid international and national drivers license. Basic excess is applicable on all vehicles involved in a collision, natural disasters or an accident – this is up to R53,000 and is included in the rental contract.

If this option is taken, the renter is liable for the first R53,000 damages to a vehicle or third party vehicle / property including tyre and windscreen replacements.

This excess can be paid by cash or credit card (a manual imprint of the credit card will be taken). The amount will have to be authorised by the bank.

Taking the following options can reduce this excess:

CDW Midi (Medium Cover) is from 3 days onwards. This option reduces the excess to R19,000 CDW Maxi (Super Cover) is from 8 days onwards. This reduces the excess to Nil (see exclusions below)

# CDW Exclusions:

The renter will be fully liable for any damage to the Supplier or Third party vehicle or property (CDW is cancelled and maximum damage as per quote is payable by the renter) under the following circumstances:

- The terms of the rental contract is breached
- Damage to the vehicle is caused by careless or reckless driving.
- Any damage or mechanical failure sustained while driving on any 4x4 man-made leisure track specially designed for the purpose of leisure or testing your off-road driving abilities and usually require an entrance fee to make use of and is not part of a public road.
- Damage to the vehicle caused by incorrect use of the clutch (for example slipping or dropping the clutch), gearbox. For example using 4-wheel-drive mode while driving on tar roads
- Damages to the drive shafts due to pot holes, drifts or any other obstacle.
- Illegal behaviour, negligence, or a breach of law (e.g. speeding, illegal parking, driving on the wrong side)

7530

- Driving under the influence of drugs or alcohol
- Driving on restricted roads / areas.
- Water submersion or water damages in engine or in drive shafts are caused.
- Any roll-over damages of any kind no matter at what speed or how it happened. See a roll-over explanation in this document further down
- Failure to switch off the engine when dashboard lights indicate a major problem e.g. oil light, radiator water level or temperature gauge.
- Vehicle was driven by person other than the permitted driver as per contract.
- All towing costs (when required) to the nearest depot.

## CDW terms for Mozambique, Zambia & Zimbabwe

You are allowed to drive your 4x4 camper in Mozambique. However, this country is not fully geared for self-drive as yet. This does not mean that self-drive is not possible. For travelling in or through this beautiful country and extra CDW excess is applicable.

There is a separate excess of R7,000 or any damage to the vehicle. In the event of the vehicle having to be towed, the renter will arrange to have the vehicle towed to the nearest depot.

The towing costs, as well as any other damages related to the towing of the vehicle, do not form part of this excess and will be for the renter's account.

# **Roll-over explanation**

All the vehicles are higher than a conventional passenger vehicle. This means that the centre of gravity is also at a higher point. This increases the risk of a roll over occurring.

A roll-over is defined as a vehicle sustaining all types of damage due to not being in its normal position – on all 4 wheels. Just by lying on its side a vehicle is seen as having rolled-over. Roll-overs that were not caused by a collision eg. another vehicle, are not covered by any CDW insurance waiver options. The vehicle's final resting position is irrelevant. These incidents occur very rarely and should never happen if common sense is used.

#### **Towing cost**

In case of damage to any part of a motorhome it must be assessed if the unit is driveable. If not, the vehicle must be towed to the nearest depot by a reputable towing company authorized by the supplier. Towing and recovery costs arising due to any type of accident is to be paid by the renter irrespective of the CDW (Insurance) option.

# **Entire agreement / non-variation**

This document contains the entire agreement between the renter and the Supplier, and neither party shall be bound by any undertakings, representations, warranties, promises, or the like not recorded herein. No variation, alteration, or in addition to, or omission from this agreement is valid/binding, unless reduced to writing and signed by the renter and an authorized employee of the Supplier. Any clause which is declared unenforceable or invalid, for any reason whatsoever, by a competent court, shall be severable from the remaining provisions of the agreement and shall not affect the validity of these provisions.

#### **Vehicle substitution**

The supplier reserves the right to substitute, under special circumstances, which will be explained to the renter, the desired vehicle with an equal or better vehicle without prior notice before the start of any rental period.

If a vehicle needs to be substituted because of an accident or mechanical problems, and the renter refuses to accept this replacement vehicle as stipulated above, the renter is seen to terminate the contract, and no reimbursements will apply.

- Vehicle substitution replacement costs because of an accident or mechanical failure making the vehicle unable to drive caused by own fault or negligence, illegal driving (driving on the wrong side or under the influence of alcohol/drugs or parking and/or water damages) will be for the renters account. This includes towing the damaged vehicle to the nearest depot.
- Driving distances can be great and the Supplier must be given a realistic time to cover a distance before lost holiday time becomes a factor for a claim submission.
- Non-essential items like air conditioners can take longer (up to two days) to be repaired, depending on the country or area the renter is travelling in. As a general rule the supplier has 24 hours at its disposal, starting from the time we are informed of the breakdown to solve a problem before lost-time compensation becomes applicable (if any). Other rural areas in countries like Namibia, Botswana or Zambia, a more realistic time is often needed. The Supplier also does not take responsibility for any damages or claims arising out of driving on washboard roads (especially C-roads) in Namibia.
- On-the-road failure of items like air conditioners, microwaves, hot water systems and radio/CD's are
  not seen as demand for warranting a replacement vehicle. We will undertake effort to rectify these
  items for repair, however, should the repair not be possible the renter is not entitled to a vehicle
  change or compensation.

# **CANCELLATION FEES**

2 Months before departure date:
25 % of total costs
1 Month before departure date:
